

Dyslexia

Attention deficit disorders
(ADD/ADHD)

Neurodiversity

celebrate our differences

Autism/Asperger syndrome

Dyspraxia

Dyscalculia

What can I do?

- Book onto a neurodiversity course
- Become a neurodiversity champion and accredited rep in your workplace
- Put neurodiversity posters up
- Raise awareness and develop understanding – talk to your colleagues and set up neurodiversity events in your workplace
- Let your Human Resources department know this is an equality and diversity issue – and ask what they are doing to ensure that:
 - ✓ All policies and procedures are neurodiversity friendly
 - ✓ All training offered is neurodiversity friendly
 - ✓ All selection, assessment and promotion processes are neurodiversity friendly
 - ✓ The organisational environment is accepting to everyone, and all types of human diversity are welcomed and valued

For all support please speak to your local TSSA representative or contact your TSSA Neurodiversity Organiser:
