## Pension contributions errors

Following BTP's errors in calculating staff pension contributions, TSSA is now writing to all members (by email or post) to advise members about addressing problems with repayment schedules and a potential claim for compensation.

Full details are in the letter to members.

TSSA is setting up a register for those who have experienced problems with their pension contributions.

This is so that you can be included on a list of affected members as we progress the issue within BTP, and to advise members individually if we are not successful in finding a resolution with BTP.

It will be important for you to register, so please do so as soon as you receive the advice letter.

*If you do not receive our communications by email, please check that we have an up-to-date email address for you.*

*If you are not a member, please join on-line:  
[www.tssa.org.uk/join](http://www.tssa.org.uk/join)*

*Or contact a TSSA rep to discuss how joining may help.*
